

Cleaning tool For Anilox roll, Gravure roll, Coating roll

New Auto Scrubber KOSURU-W

NEW! High Speed Handy Type Brushing Machine

This tool named ' New Auto Scrubber KOSURU-W' is an air tool, handy type brushing machine for the cleaning anilox rolls, gravure rolls and coating rolls.

The brushes of this machine turn with the high speed and this movement makes the small bubbles on the roll surface like a supersonic wave. The bubbles are made by the cleaning liquid. Our cleaning liquid named ' Super Oxel' is effective against the clog with the several types of the ink and varnish. The bubbles with the stir action clean the inner of the small cells. Special stainless steel brush is used for the ceramic roll. Special brass brush is used for the chrome roll.
